**Project Title:** UC Davis Sacramento Campus 2020 Long Range Development Plan Update

**Project Applicant:** University of California, Davis Health

**Parties Undertaking Project:** University of California, Davis Health

**Project Location:** UC Davis Sacramento Campus

**County:** Sacramento

**Project Description:** The UC Davis Sacramento Campus is located off U.S. 50 near the Highway 99/Business 80 interchange in the city of Sacramento. The UC Davis 2020 Long Range Development Plan Update (“2020 LRDP Update”) proposes a land use plan to support projected growth predominantly through redevelopment of existing facilities and construction on previously developed land. UC Davis anticipates that, under the 2020 LRDP Update, the on-campus population could grow over the next 20 years to include approximately 21,200 people and anticipates up to 7.07 million gross square feet of building space by 2040. To accommodate the projected population increase, the 2020 LRDP Update will propose facility renewal; improved seismic safety, including demolition of certain existing hospital facilities; and construction of new additional building space. The 2020 LRDP Update will propose new on-campus housing. In addition to analyzing the potential programmatic impacts of campus growth under the 2020 LRDP Update, the 2020 LRDP Update Supplemental EIR addresses the project-specific environmental effects associated with constructing the proposed Aggie Square Phase I project (Volume 2 of the Supplemental EIR).

This Notice of Determination is to advise that the University of California  Lead Agency has approved the above-described project on *November 19, 2020* and has made the following determinations:

1. The project  will have a significant effect on the environment.
2.  A Supplemental Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures  were made a condition of the approval of the project.
4. A Mitigation Monitoring and Reporting Program  was adopted for this project.
5. A Statement of Overriding Considerations  was adopted for this project.
6. Findings  were made pursuant to the provisions of CEQA.

This is to certify that the final Supplemental Environmental Impact Report with comments and responses and record of project approval is available to the general public at:
