

# Summary Form for Electronic Document Submittal

**Form F**

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Location: Paso Robles  
*City*

San Luis Obispo  
*County*

Project Description (Proposed actions, location, and/or consequences).

The El Camino Homeless Organization (ECHO), a California nonprofit public benefit corporation based out of Atascadero, in cooperation with the City of Paso Robles, is proposing to design and construct a 48-bed dormitory-style homeless navigation center and shelter facility (project). The project would consist of a single-story 7,525 square-foot metal building that would include up to 48 beds in a dormitory-style sleeping area, kitchen and dining area, conference room and office area, and laundry facilities. Other improvements would include a new 17 stall parking lot, a bike rack for at least eight bikes (to be installed by the City post-construction), trash enclosures, exterior cart storage, bioretention infrastructure, and landscaping. An insulated shipping container would be installed with a heating system for bed bug mitigation. A new 24-foot-wide driveway would be installed off Sulphur Springs Road. The perimeter of the site would be enclosed by a chain-linked fence for security and security cameras would be installed. Frontage improvements would include construction of a 394-foot-long separated 6-foot-wide asphalt concrete (AC) sidewalk adjacent to Sulphur Springs Road.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No known controversy.

Provide a list of the responsible or trustee agencies for the project.
