Project Description: *(please use a separate page if necessary)*

Chadwick Ranch Estates involves a specific plan and vesting tentative tract map to address the development of 14 numbered estate residential lots and 14 lettered non-residential lots. The proposed project also includes a site access roadway extending from the intersection of Bliss Canyon Road/Long Canyon Road, an on-site backbone circulation system, requisite infrastructure, as well as a water tank, a booster station, and debris and water quality basins, among others. Easements for a portion of the site access roadway will be required from the Los Angeles County Flood Control District (LACFCD). The 111.8-acre project has been designed in such a manner that more than half of the land area of the site will remain undisturbed. It is the Applicant's intent to ultimately dedicate this area to a conservancy to be named.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
