Present Land Use/Zoning/General Plan Designation:

UC Irvine is not subject to local zoning. The Project site is designated as Mixed Use - Commercial and Open Space - General under the UCI 2007 LRDP.

Project Description: (please use a separate page if necessary)

The Project proposes to develop a UCI Health integrated medical campus providing inpatient, ambulatory, and emergency care services. Proposed buildings include an up to 144-bed Acute Care Hospital, 225,000-gross-square-foot (GSF) Ambulatory Care Center, a central utility plant, and a 1,400-space parking structure. To construct these new facilities, trailers, storage containers, and surface parking would be demolished at the Project site, and a temporary, unpaved surface lot would be installed within the existing UCI Support Services Facilities area to the north of the Project site to replace the displaced spaces. The other existing uses, the trailers and storage containers, are not proposed to be replaced. During construction, the Project proposes to use approximately 3.5 acres of the existing UCI Arboretum as a temporary construction staging and laydown area. UCI is proposing to amend the 2007 LRDP to allow Inpatient uses under the Mixed Use - Commercial land use designation.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
