From: California Department of Transportation

District 2 – Redding
1031 Butte Street, MS 30
Redding, CA 96001

State Clearinghouse Number: 2020039005

Project Description:

The California Department of Transportation (Caltrans), using both state and federal funds, is proposing a permanent restoration project to repair storm-related damage to SR 70 at multiple locations (from PM 0.00 to 29.9) in Plumas county. SR 70 in this section of the Feather River Canyon is designated as a scenic byway within the Plumas National Forest, and work would be context-sensitive. Proposed work consists of three engineering features: partially grout rock slope protection, build tie back (formerly soldier pile) retaining wall, and replace culverts. This proposed project would be completed using state and federal funds.

This is to advise you that a finding of No Significant Impact (FONSI) has been made for this project by the California Department of Transportation as assigned by the Federal Highway Administration pursuant to 23 USC 327. A copy of the FONSI and the attached Environmental Assessment can be obtained from the California Department of Transportation office located at the above address.
