Description of Nature, Purpose and Beneficiaries of Project:

Cal-Ore Communications, Inc. is proposing to place 1-1.25" duct and 1-Futurepath 7-way duct within Caltrans' right-of-way east of the northbound lane of Interstate 5 in Siskiyou County from post mile 16.56 to 16.80. To complete this work, a 10-foot-wide corridor located approximately 10 feet west of the right-of-way fence would be cleared of most vegetation. After clearing vegetation, a trench measuring approximately 42 inches deep, 24 inches wide, and 1,250 feet in length would be excavated. The aforementioned ducts would then be placed into trench and fiber optic cable would be pulled through the Futurepath 7-way duct. The trench would then be backfilled with soil.

Name of Public Agency Approving Project:

Name of Person or Agency Carrying Out Project:

Exempt Status: (check one):

- Ministerial (Sec. 21080(b)(1); 15268);
Declared Emergency (Sec. 21080(b)(3); 15269(a));
Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
Categorical Exemption. State type and section number:
Statutory Exemptions. State code number:

Reasons why project is exempt:

The California Public Utilities Commission prepared a Notice of Exemption (NOE) for the proposed project. The NOE determined that the project is categorically exempt in accordance with Section 15303 (New Construction or Conversion of Small Structures) Class 3—Construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. An example of this exemption includes (d) Water main, sewage, electrical, gas, and other utility extensions, including street improvements, of reasonable length to serve such construction. The proposed project would not have a significant effect on the environment.
