**SUBJECT:** Filing of Notice of Determination pursuant to Public Resources Code section 21108

**State Clearinghouse Number:** 2020049034

**Project Title:** Eastside Road Bridge Replacement (Lake or Streambed Alteration Agreement No. EPIMS-SHA-32116-R1)

**Project Location (Shasta):** The project is located at Canyon Hollow Creek, and intermittent, anadromous fish-bearing tributary to the Sacramento River, in the county of Shasta, State of California; Latitude 40.55270, Longitude -122.38704; Eastside Road, Redding, 96001; Assessor's Parcel 048-130-025-000.

**Project Description:** The California Department of Fish and Wildlife (CDFW) has executed Lake and Streambed Alteration Agreement (EPIMS-SHA-32116-R1), pursuant to Fish and Game Code section 1602, the project Applicant, City of Redding.

The project is limited to replacement of the existing Eastside Road Bridge over Canyon Hollow Creek. The project will replace the existing 27-foot wide and 55-foot long two span concrete slab bridge with a 48-foot wide and 63-foot long two-span cast-in-place reinforced concrete slab bridge. The proposed structure will provide two 12-foot travel lanes, 8-foot shoulders, and concrete barriers. A 6-foot-wide sidewalk will be constructed on the east side of the bridge to accommodate pedestrian traffic, and the new bridge will have a width of 48-feet and 11-inches between the edges of deck. The overall superstructure depth is 1-foot and 5-inches, with a total length of 63 feet. The soffit elevation of the proposed bridge will be raised approximately two feet to pass the 100-year flood event with no freeboard. Approximately 300 feet of road will be reconstructed at both approaches to raise the road to the higher bridge elevation and conform to the new bridge width.

This is to advise that CDFW, acting as a Responsible Agency, approved the project described above on June 1, 2023, and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project **will not** have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the **Mitigated Negative Declaration** prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures **were** made a condition of CDFW's approval of the project.
4. A Mitigation Reporting or Monitoring Plan **was** adopted by CDFW for this project.
5. A Statement of Overriding Considerations **was not** adopted by CDFW for this project.
6. Findings **were not** made by CDFW pursuant to California Code of Regulations section 15091.

The **Mitigated Negative Declaration** prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of project approval as a Responsible Agency is available at CDFW's regional office.
