PROJECT TITLE: Special Repair/Deferred Maintenance (Allocation #05, FY 19/20)

PROJECT LOCATION(S): Statewide (see attached list)

Description Of Nature, Purpose, And Beneficiaries Of Project: Special Repair and Deferred Maintenance (SR/DM) projects will be conducted at various California Department of Corrections and Rehabilitation (CDCR) facilities as shown on the attached lists. The special repair, contract augmentation and deferred maintenance involve a variety of projects. Example projects include storm water (environmental, enhanced investigation, augmentation) at Mule Creek State Prison, replace chiller control panels at Calipatria State Prison, brine pond closure and reconstruction at Duel Vocational Institution, emergency well repair at Salinas Valley State Prison, wildlife mitigation – Lethal Electrified Fence netting retrofit at California Institution for Men and Sierra Conservation Center, and finally, a fire detection project at Kern Valley State Prison. These projects are necessary to maintain the CDCR prison facilities and to ensure unimpeded operation and their public safety mission.

Work is performed within the already developed prison property. The projects are not located within environmentally sensitive areas, and none of the exceptions to this exemption is applicable.

Name Of Public Agency Approving Project: California Department of Corrections and Rehabilitation

Name Of Person Or Agency Carrying Out Project: California Department of Corrections and Rehabilitation, Office of Facility Planning, Construction and Management, 9838 Old Placerville Road, Sacramento, CA 95827

EXEMPT STATUS:

- _____ Ministerial (Sec. 21080(b)(1); 15268)
 _____ Declared Emergency (Sec. 21080(b)(3); 15269(a))
 _____ Emergency Project (Sec. 21080(b)(4); 15269(b)(c))
X Categorical Exemption Class 1, CEQA Guidelines Section 15301 (Existing Facilities)

Reason Why Project Is Exempt: This exemption allows for the operation, repair, maintenance, permitting, leasing, licensing or minor alteration of existing public structures, facilities, or mechanical equipment to meet current standards of public health and safety, that involve negligible or no expansion of use beyond that existing at the time of the lead agency's determination. These projects consist of minor alterations to existing structures and equipment and involve no expansion of use. This is one of a class of projects that the Secretary for Resources has found do not have a significant effect on the environment, and therefore is declared to be categorically exempt from the requirement for preparing an environmental document.
