**Project Description:** (please use a separate page if necessary)

The Paramount Boulevard and Imperial Highway Intersection Project calls for a re-design of the intersection to accommodate anticipated growth in traffic through 2035. Dual left turn pockets will be added in the southbound direction along Paramount Boulevard and in the westbound direction along Imperial Highway. All four legs of the intersection will be widened to provide sufficient road width for vehicular U-turn movements. The Project includes reconstruction of all four legs of the intersection with concrete pavement for 300 feet on all approaches and 100 feet for all departures. Some utility relocations and adjustments will be required to facilitate Project construction.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
If you have already sent your document to the agency please denote that with an "S".
