SUBJECT: *Filing of Notice of Determination pursuant to Public Resources Code section 21108*

State Clearinghouse Number: 2020059005

Project Title: Cow Creek Storm Drain Installation Project (Lake or Streambed Alteration Agreement, EPIMS-SHA-20659-R11)

Project Location (include county): The project is located at the westside of Cow Creek, an anadromous Class I stream, in the County of Shasta, State of California; Latitude 40.55287N, Longitude -122.23124W; The project originates at the end of Palo Way in the Palo Way subdivision in Palo Cedro. Assessor's Parcel Numbers (APN) 059-110-082-000 and 059-110-083-000.

Project Description: The California Department of Fish and Wildlife (CDFW) has executed Lake and Streambed Alteration Agreement, EPIMS-SHA-20659-R11, pursuant to section 1602 of the Fish and Game Code to the project Applicant, Wildland Resource Managers, as represented by Steven Kerns.

The project is limited to the installation of a storm drain and drainage pipe terminating above the westside ordinary high-water mark (OHWM) at Cow Creek. A 24-inch pipe will be laid for approximately 500 feet west of Cow Creek within the footprint of a previously constructed roadway, then for another 229 feet north to a storm drain at the end of a cul-de-sac at Palo Way, effectively avoiding wetland areas on the project parcel. 6-12 inches of rip-rap will be placed under the outfall structure to dissipate energy at the outlet. No vegetation is planned to be removed during project activities.

This is to advise that CDFW, acting as a Responsible Agency, approved the above described project on September 13, 2021 and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the mitigated negative declaration / negative declaration prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were / were not made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was / was not adopted by CDFW for this project.
5. A statement of overriding considerations was not adopted by CDFW for this project.
6. Findings were not made by CDFW pursuant to California Code of Regulations section 15091.

The mitigated negative declaration / negative declaration prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of project approval as Responsible Agency is available at CDFW's regional office.
