

**NOTICE OF INTENT TO ADOPT A  
MITIGATED NEGATIVE DECLARATION**

**PROJECT TITLE:** Clearwater Mutual Water Company Upper Tank Replacement Project (Project)

**APPLICANT:** Clearwater Mutual Water Company

**LEAD AGENCY:** State Water Resources Control Board

**PROJECT SRF#:** 1700546-001C

**PROJECT LOCATION:** The Project is located near the south shore of Clear Lake, in Lake County, about 3.5 miles northeast of the town of Kelseyville. The proposed tank site is located in the “Clear Lake Riviera” area, west of Soda Bay Road, at the north end of Osceola Avenue. The Project is not located on a site on any of the lists enumerated under Section 65962.5 of the Government Code.

**PROJECT DESCRIPTION:** The Project includes the replacement of the existing 35,000-gallon redwood tank and the three 10,000-gallon temporary plastic tanks with a single 122,000-gallon welded steel tank. The new storage tank would be approximately 32 feet in diameter and 26.5 feet tall and would be welded in place on a perimeter-reinforced concrete-ring foundation supported by subgrade soil. Two mature pine trees would be removed for Project construction. All construction lay-down and storage would occur on the site. The new tank would be accessed by a new paved driveway, and a paved apron would surround the new tank.
