Industrial Land Use

Project Description: (please use a separate page if necessary)

The facility would be used as an empty trailer parking area and would be unmanned. There would be an automatic gate that would be operated by yard goats¹ and tractors located at the existing FedEx Ground facility. These vehicles would periodically drop off and pick up trailers from the site. No other activities would occur at the site. No employee vehicles would park at the site. Since there would be no staff present, no office or restroom facilities are needed.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
