Subject: Review of the Mitigative Negative Declaration for Parcel Map 19-0002 (Gray), State Clearinghouse Number 2020059045, Shasta County

Dear Mr. Topete:

The California Department of Fish and Wildlife (Department) has reviewed the Mitigative Negative Declaration for the above-referenced project (Project). The Department's review of this Project is pursuant to our role as the State's trustee and responsible agency for fish and wildlife resources under the California Environmental Quality Act, California Public Resources Code section 21000 et seq. The Project proposes to subdivide approximately 71.17 acres into two lots of 9.23 acres and 46.73 acres with a 15.21-acre remainder for limited agricultural/rural residential uses. The Department commented on this Project on September 3, 2019 via electronic mail. Based on the mitigation measures incorporated into the Project, the Department has no comment. If the Project description changes in any way or additional biological resource information becomes available, the Department should be notified and provided an opportunity to offer comments regarding the updated information.

We appreciate the opportunity to review this Project. If you have any questions, please contact me at (530) 598-7194, or by email at Amy.Henderson@wildlife.ca.gov.

Sincerely,

DocuSigned by:
