Project Description: (please use a separate page if necessary)

The Town of Colma is updating its 1999 General Plan. The 2040 General Plan Update will provide the context to effectively plan and manage the Town of Colma's future growth based on an updated set of goals, policies, and implementation programs that reflect the values and aspirations for future expansions in the community, as expressed by residents and the business community. As required by California Government Code 65302, the Town of Colma General Plan Update include the following Elements: Land Use, Circulation/Transportation (Mobility), Housing, Natural Resources/Conservation, Hazards and Safety. In addition to these elements, the Town of Colma has been chosen to prepare an Historic Resources Element due to most of the Town's land use being reserved for cemetery uses as well as the many historic resources present both in and outside of the Town's cemeteries.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
