Subject: Notice of Intent (NOI) to Adopt a Mitigated Negative Declaration for the Mountain View Street Condominiums Project

A Mitigated Negative Declaration (MND) has been prepared by the City of Santa Ana for the Mountain View Street Condominiums project located at 301 & 305 North Mountain View Street. Pursuant to the California Environmental Quality Act (CEQA), the City of Santa Ana, as Lead Agency, is responsible for preparation of this document.

PROJECT TITLE: Mountain View Street Condominiums

PROJECT DESCRIPTION: The project proposes to develop an eight-unit condominium tract distributed among four separate two-story buildings, each with two units. The units would range in size from 1,838 to 1,870 square feet, each consisting of three bedrooms and a 428-square foot attached two-car garage. The project proposes each unit would have a private 150-square foot back yard and 100-square foot patio, and all units would share a common 821-square foot outdoor recreation area. The project would require the demolition and removal of two existing single-family residential structures, a work shed, ancillary driveways, patios, and walkways. The project would involve a modification of the City of Santa Ana's Codes and Ordinances pertaining to permitted land use, development, and allowed densities of the General Plan, Zoning Code and Municipal Code for a total of 19 parcels between North Mountain View Street, 5th Street, 1st Street, and west of the Lake Park Mobile Home Park.

The project site is not listed on any hazardous materials or waste databases pursuant to Section 65962.5 of the Government Code.

PROJECT LOCATION: 301 & 305 North Mountain View Street, Santa Ana, California 92703
