

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: 2020069002

Project Title: Heber 2 Geothermal Repower Project Conditional Use Permit 19-0017

Lead Agency: County of Imperial Planning & Development Services Department

Contact Name: Dave Black

Email: davidblack@co.imperial.ca.us Phone Number: 442-265-1736, ext. 1746

Project Location: Heber Imperial
City *County*

Project Description (Proposed actions, location, and/or consequences).

Perform CUP amendment to allow for installation of two new water-cooled ORMAT Energy Converters (OECs) to replace six old units from 1992; three 10,000 gallon isopentane above ground storage tanks; and, additional pipes to connect the proposed facilities with the existing Heber 2 Geothermal Energy Complex. All proposed facilities would be developed within the existing Heber 2 Complex and fence line. The total project disturbance from developing the new facilities is approximately 4 acres. The CUP amendment application also proposes to renew the permitted life of the entire Heber 2 Complex to 30 years (2019-2049). The proposed facility upgrades would allow the Heber 2 Complex to run more efficiently and refurbish the Heber 2 Complex to the original nameplate capacity (33 megawatts).

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Project's significant or potentially significant effects to:
Biological Resources
Geology and Soils
Hazards and Hazardous Materials

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Hazards materials - isopentane explosion dangers

Provide a list of the responsible or trustee agencies for the project.

Imperial County Department of Public Works
Imperial County Air Pollution Control District
Imperial County Environmental Health Services
Imperial County Fire Department
