Project Applicant: Amy's Kitchen, Inc.

Project Title: Amy's Kitchen Santa Rosa - CO2 Refrigerant Conversion w/ Heat Recovery

Project Location – Specific: 2250 Northpoint Pkwy

Project Location – City: Santa Rosa 95407

Project Location – County: Sonoma

Description of Nature, Purpose and Beneficiaries of Project:

The purpose of this project is to install and demonstrate transcritical carbon dioxide refrigeration rack systems at the Recipient's frozen food processing facility. Replacing the existing refrigeration system will eliminate the use of high global warming potential hydrofluorocarbon and hydrochlorofluorocarbon refrigerants and reduce onsite greenhouse gas emissions.

Name of Public Agency Approving Project: California Energy Commission

Name of Person or Agency Carrying Out Project: Amy's Kitchen, Inc.

Exempt Status: *(check one)*

Ministerial Exemption (Pub. Resources Code § 21080(b)(1); Cal. Code Regs., tit 14, § 15268);

Declared Emergency (Pub. Resources Code § 21080(b)(3); Cal. Code Regs., tit 14, § 15269(a));

Emergency Project (Pub. Resources Code § 21080(b)(4); Cal. Code Regs., tit 14, § 15269(b)(c));

X Categorical Exemption. State type and section number

Cal. Code Regs., tit 14, § 15301 ; Cal. Code Regs., tit 14, § 15302

Statutory Exemptions. State code number.

Common Sense Exemption. (Cal. Code Regs., tit 14, §15061(b)(3))

Reasons why project is exempt:

This project will install an advanced refrigeration system at a frozen food processing facility in Santa Rosa, CA.

14 C.C.R. § 15301. This project will involve minor alteration of existing facilities and mechanical equipment at an existing food processing facility and will result in no expansion of the existing use. The advanced refrigeration system consists of compressors, condensers, evaporators, chillers, storage tanks, heat exchangers, piping and fittings, insulation, and associated control systems. Site preparation may include a new concrete pad. The materials used to construct the system are chemically inert, not hazardous to human health, and do not have a significant effect on the environment. The systems purchased have safety certifications in compliance with relevant codes and standards. In addition, all required permits for installation and operation of the system will be obtained prior to system installation and demonstration. The demonstration will not have a significant impact on local air quality, noise, or traffic. For these reasons, the project will not have a significant effect on the environment and falls under the categorical exemption listed in 14 C.C.R. § 15301.

14 C.C.R. § 15302. This project involves the replacement of existing mechanical equipment at an existing food processing facility in Santa Rosa, CA. This project will replace existing inefficient equipment at an existing food

processing facility to reduce energy consumption and greenhouse gas emissions. The equipment to be replaced includes compressors, condensers, evaporators, chillers, storage tanks, heat exchangers, piping and fittings, insulation, and associated control systems at the Recipient's food processing facility. The new equipment will be located on the same site as the equipment replaced and have substantially the same purpose and capacity as the equipment replaced. For these reasons, the project falls under categorical exemption listed in 14 C.C.R. § 15302.

Each exemption is an independent basis for finding the project is exempt.

Lead Agency

Contact Person: Kaycee Chang **Area code/Telephone/Ext:** 916-327-1509

If filed by applicant:

1. Attach certified document of exemption finding.
2. Has a Notice of Exemption been filed by the public agency approving the project? Yes No
