

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: CORRAL HOLLOW ROAD WIDENING PHASE 2 LINNE ROAD TO I-580 – CIP 73161

Lead Agency: City of Tracy – Utilities Department

Contact Name: Kuldeep Sharma, Utilities Dir.

Email: kuldeep.sharma@cityoftracy.org Phone Number: (209) 831-6300

Project Location: Tracy, San Joaquin County
City County

Project Description (Proposed actions, location, and/or consequences).

The proposed project consists of widening Corral Hollow Road from the existing two-lane roadway to a four-lane major arterial with median island, sidewalks, bike facilities, landscaping, and street lights from Linne Road to I-580. The project will include design of at least two traffic signals and the replacement of the bridges over the Delta Mendota Canal and the California Aqueduct. The widening would include railroad crossing improvements at the UPRR, including an at-grade crossing and full sidewalk improvements. The project would also include two stormwater drainage-related facilities: a wet well with storm drain pump station, and a retention basin.

This document will be used by the City of Manteca to take the following actions:

- Adoption of the Mitigated Negative Declaration (MND);
- Adoption of the Mitigation Monitoring and Reporting Program;
- City review and approval of the proposed Grading and Improvement Plans.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Potentially significant impacts were identified for the following areas: Agricultural Resources, Air Quality, Biological Resources, Cultural Resources, Geology and Soils, Hazards and Hazardous Materials, and Hydrology and Water Quality.

See the MND for the list of mitigation measures, and the IS for the associated analysis.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

N/A

Provide a list of the responsible or trustee agencies for the project.

The following agencies may be required to issue permits or approve certain aspects of the proposed project:

- Department of Water Resources (DWR) – Responsible agency for approvals associated with the California Aqueduct.
- RWQCB – Construction activities would be required to be covered under the National Pollution Discharge Elimination System (NPDES);
- RWQCB – The Storm Water Pollution Prevention Plan (SWPPP) would be required to be approved prior to construction activities pursuant to the Clean Water Act;
- San Joaquin Valley Air Pollution Control District (SJVAPCD) – Approval of construction-related air quality permits;
- San Joaquin Council of Governments (SJCOG) – Review of project application to determine consistency with the San Joaquin County Multi-Species Habitat, Conservation, and Open Space Plan (SJMSCP).
- SJCOG – Review of project application to determine consistency with San Joaquin County's Aviation System Airport Land Use Compatibility Plan;
- U.S. Bureau of Reclamation (USBR) – NEPA lead agency for federal approvals associated with the Delta Mendota Canal bridge.
