Project Description: An application by the City of Palmdale Public Works Department to develop 3.37 acres into a park facility consisting of playing fields, play equipment and an approximately 630 square foot restroom facility.

Findings of Exemption (attach as necessary):

1. The City of Palmdale has prepared an initial study for the project which evaluated the potential environmental impacts that could result should the project be implemented; and
2. The initial study and Negative Declaration prepared for the project did not identify any potential for an adverse effect on wildlife resources resulting from development of the proposed project because the site is located in a highly urbanized area on a site which has been disturbed by humans and domestic animals and because the site is designated to develop as a neighborhood park.

I hereby certify that the public agency has made the above finding and that the project will not individually or cumulatively have an adverse effect on wildlife resources, as defined in Section 711.2 of the Fish and Game Code.
