Project Description

The California Department of Transportation proposes to place six-inch striping and pavement markers at three locations within Tulare County. Work will occur near Kingsburg on Route 201 from Tulare/Fresno County Line to intersection of Route 201/Route 245 (PM 0.0 to PM 24.0), in and near Visalia on Route 216 from intersection of Route 216/Route 198 to 5.2 miles east of Route 245 (PM R0.0 and PM 19.3), in and near Woodlake on Route 245 from Saint Johns River to Tulare/Fresno County Line (PM 6.0 and PM 33.0). The proposed work would include removing existing traffic striping and markers and replacing them with 6" thermoplastic traffic striping and markers. All work would occur on existing pavement and no new right of way would be required.
