Present Land Use/Zoning/General Plan Designation:

Project Description: (please use a separate page if necessary)

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Present Land Use/Zoning/General Plan Designation:

Surrounding land uses include: to the north are single-family residences and agricultural lands; to the east are Kern Island Canal and agricultural uses; to the south are single family residences; to the west is south Union Avenue, single family residential and commercial uses.

Project Description, continued:

....The purpose for installing the original Rexland Acres Sewer System and for implementing the proposed expanded sewer system is that the density of residential development within the project area has resulted in degradation of water quality due to use of subsurface septic tank and leach lines to manage wastewater generated from individual homes, and collectively, within the project area. Connecting to the area WWTP will remove this area source of groundwater contamination and minimize ongoing future contamination. The proposed project is the construction of additional sewer lines within the rural community of Rexland Acres for collection and delivery of wastewater to the Kern Sanitation Authority Wastewater Treatment Plant for treatment and discharge.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".
