REXLAND ACRES SEWER EXPANSION PROJECT

Project Title

#2020070034	Alexa Kolosky	(661) 862-5002
State Clearinghouse Number	Lead Agency Contact Person	Area Code/Telephone/Extension

Project Location: (Kern County) The community of Rexland Acres is located at the southeast intersection of South Union Avenue and East Pacheco Road, south of Bakersfield, Kern Island Canal on the east, South Union Avenue on the west, and Price Road on the south. The project area is located within a portion of Section 20, T30S, R28E, MDB&M, County of Kern, State of California. The sewage generated by this project area will be delivered to an existing sewer force main installed as part of the original Rexland Acres Sewer Project that will transport the sewage to the Kern Sanitation Authority Wastewater Treatment Plant (KSAWWTP) in Section 3, via Sections 20, 21, 22, 15, 10, and 3 all in T30S, R29E, MDB&M.

Project Description: The Kern County Public Works Department (Department) is conducting an environmental review of a project on the south side of Bakersfield for the Rexland Acres Sewer Expansion Project. The purpose for installing the original Rexland Acres Sewer System and for implementing the proposed expanded sewer system is that the density of residential development within the project area has resulted in degradation of water quality due to use of subsurface septic tank and leach lines to manage wastewater generated from individual homes, and collectively, within the project area. Connecting to the area WWTP will remove this area source of groundwater contamination and minimize ongoing future contamination. The proposed project is the construction of additional sewer lines within the rural community of Rexland Acres for collection and delivery of wastewater to the Kern Sanitation Authority Wastewater Treatment Plant for treatment and discharge which also includes the following components: construction of sewer mains, laterals, manholes, sewer clean outs, connections, modification to lift stations, and closure/removal of septic tanks.

This is to advise that the Kern County has approved the above described project on

Lead Agency Responsible Agency

10/06/2020

and has made the following determination regarding the above described project:

(Date)

1. The project [will will not] have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [were were not] made a condition of the approval of this project.
4. A Mitigation Monitoring and Reporting Plan [was was not] adopted for this project.
5. A Statement of Overriding Considerations [was was not] adopted for this project.
6. Findings [were were not] made pursuant to the provisions of CEQA.
