Present Land Use/Zoning/General Plan Designation:

Project Description: (please use a separate page if necessary)

The California Energy Commission proposes to modify existing regulations specifying procedures for the enforcement of the Renewables Portfolio Standard (RPS) for local publicly owned electric utilities (POUs) under Article 16 (commencing with section 399.11) of Chapter 2.3 of Part 1 of the Public Utilities Code. The proposed regulations will implement, interpret, make specific several provisions under Senate Bill (SB) 350 (Stats. 2015, ch. 547, sec. 24), SB 1393 (Stats. 2016, ch. 677), SB 100 (Stats. 2018, ch. 312, sec. 4), SB 1110 (Stats. 2018, ch. 605), and clarify existing regulatory provisions and reporting requirements. This rulemaking will update the RPS program for POUs to implement changes to RPS procurement requirements, optional compliance measures, reporting requirements, and special exemptions and exclusions. The rulemaking also updates other aspects of the program to facilitate implementation and improve clarity.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
