Project Description: (please use a separate page if necessary)

The City is undertaking updates to the Land Use Element and Mobility Element of its General Plan and the creation of a new Environmental Justice Element. The General Plan was last updated in 2004. The updates are being funded by a grant from the Sustainable Communities Program administered by the California Department of Transportation. The intent of the updates is to improve sustainability, promote public health, and anticipate future advancements in transportation technology.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
