 San Gabriel River Hinge  
 Replacement Project

File No. 07-32520  
 San Gabriel River Bridge  
 Hinge and Railing  
 Replacement Project

**Notice of Availability of Initial Study/Environmental Assessment**

The California Department of Transportation (Caltrans) has completed studies and issued a draft Initial Study/Environmental Assessment (IS/EA) for the proposed San Gabriel River Bridge Hinge Replacement Project. The Project is located on Interstate 210 from Postmile 36.0 to 38.0 within the City of Irwindale and Los Angeles County. The purpose of this Project is to preserve the structural integrity of the bridge, to prevent bridge deck failure due to failing hinges, and to upgrade bridge railings to current design standards.

The Draft IS/EA can be viewed at the following website:

Caltrans District 7, San Gabriel River Project Webpage: <https://dot.ca.gov/caltrans-near-me/district-7/district-7-projects/d7-san-gabriel-river-bridge-hinge-replacement>

Caltrans is currently soliciting written comments from elected officials, public agencies, private entities, and any interested/affected individuals who may wish to comment on the environmental document for the project. Topics of concern regarding the proposed project may include potential biological, noise, hazardous waste, and Section 4(f) issues. Any opinions pertaining to these issues, and others, are welcome and will be carefully considered.

Please provide your written comments by **Thursday, October 1<sup>st</sup>, 2020** to:

Robert Wang, Senior Environmental Planner  
 Caltrans, District 7 – Division of Environmental Planning – Project number 32520  
 100 South Main Street, MS-16A  
 Los Angeles, CA 90012

All comments received will become part of the Project record and will provide valuable input to our environmental and design personnel. If you would like to request further information, please contact Robert Wang, Senior Environmental Planner, at (213) 266-6903. Thank you for your interest in this Project.
