Project Title: Maintenance and Repair of Desilting/Sedimentation Basins for West Coyote-Fullerton Oilfield Abandonment and Remediation (Lake or Streambed Alteration Agreement No. 1600-2019-0148-R5)

Project Location: The project is located in the City of Fullerton, County of Orange; Latitude 33.89786, Longitude -117.97243; Section 19, Township 3 south, Range 10 west, U.S. Geological Survey 7.5-minute map La Habra quadrangle, San Bernardino meridian. Generally, the project is located north of Rosecrans Avenue, east of Beach Boulevard, south of West Nicklaus Avenue, and west of North Gilbert Street.

Project Description: The California Department of Fish and Wildlife has executed Lake and Streambed Alteration Agreement number 1600-2019-0148-R5, pursuant to Section 1602 of the Fish and Game Code to Pacific Coast Homes.

The project will remove vegetation and accumulated sediment from defined areas within three existing basins. The project will also repair one drain riser within Basin B. The project will then routinely remove vegetation and accumulated sediment from the same defined areas when deemed necessary. Stream impacts will also be incurred through the initial and routine access roads and access areas within the basins. The project will impact up to 1.32 acres of stream habitat. Permanent impacts of 0.53 acre will be mitigated through the deduction of 0.82 Riparian Enhancement Credit from a CDFW-approved mitigation bank. Initial and routine temporary impacts of 0.79 acre (access-related 'drive and crush') will be mitigated through a Habitat Restoration and Revegetation Plan.

Public Agency Approving Project: California Department of Fish and Wildlife

Person or Public Agency Carrying Out Project: Pacific Coast Homes

Exempt Status:

Statutory Exemption.

Categorical Exemption. Type – Class 1; California Code of Regulations, title 14, section 15301-15333

Reasons why project is exempt: The project is routine repair and maintenance activities within existing facilities.
