Imperial Solid Waste Site Final Closure Project
MND/SCH#2020089003

Ms. Diana Robinson

El Centro, CA 92243

Dear Ms. Robinson,

Thank you for including the California Department of Transportation (Caltrans) in the environmental review process for the Imperial Solid Waste Site Final Closure Project for the Mitigated Negative Declaration (MND) (SCH# 2020089003) located near State Route 98 (SR-98). The mission of Caltrans is to provide a safe, sustainable, integrated and efficient transportation system to enhance California's economy and livability. The Local Development-Intergovernmental Review (LD-IGR) Program reviews land use projects and plans to ensure consistency with Caltrans' mission and state planning priorities.

Caltrans has the following comments:

1. Based on the information provided on the traffic analysis study, we have determined that the proposed project will not have significant impacts to Caltrans facilities.
2. We recommend the installation of two, W8-6, "Truck Crossing" signs on SR-98. The signs should be placed in the westbound and eastbound directions, 500 feet before the intersection point of SR-98 and the Private Road (Coyote Number 2 Road) near the Coyote II Borrow Site (see photo exhibit below).
