Present Land Use/Zoning/General Plan Designation:

See Attachment

Project Description: (please use a separate page if necessary)

The proposed project involves roadway widening, to provide additional left turn lanes in the northbound and southbound directions on Lakewood Boulevard, pavement reconstruction, traffic signal modification and utility relocations to the existing Lakewood Boulevard at Florence Avenue intersection within the City of Downey. The project area includes the Lakewood Boulevard at Florence Avenue intersection and approximately 150 feet to 500 feet of all four roadway approaches. Partial right-of-way acquisition will be required on the east side of Lakewood Boulevard and on the south side of Florence Avenue east of Lakewood Boulevard in order to provide the necessary street width for the additional turn lanes.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
