SURF! Busway and Bus Rapid Transit Project
Monterey-Salinas Transit District

Project Location:

The project is a 6-mile express busway between the cities of Marina and Sand City. The busway route uses public roadways at the north and south ends but is located primarily within the TAMC-owned railroad corridor between Marina and Sand City. The busway includes dedicated express busway lanes, platforms, a new station at 5th Street on the former Fort Ord, and related infrastructure. The project will relieve congestion and support more frequent public transit services for people traveling within the corridor and beyond.
