STATE CLEARINGHOUSE

CEQA Project #: SCH **2020089011**
Document Type: Notice of Decision
Case Number: 15064
Project Lead Agency: United States Department of the Interior
Project Title: Hoopa Valley Tribe – APN: 525-072-006-000

Public Resources Code (PRC) § 3208.1 establishes well reabandonment responsibility when a previously plugged and abandoned well will be impacted by planned property development or construction activities. Permitting agencies, property owners, and/or developers should be aware of, and fully understand, that significant and potentially dangerous issues may be associated with development near oil, gas, and geothermal wells.

The California Geologic Energy Management Division (CalGEM) has received and reviewed the above referenced project. To assist permitting agencies, property owners, and developers in making wise land use decisions regarding potential development near oil, gas, or geothermal wells, the CalGEM provides the following well evaluation.

The project is located in Humboldt County within the boundaries of the Hoopa Valley Tribe. There are no known oil, gas or geothermal fields or wells.

Should you have any questions, please contact me at (916) 324-7120 or via email at: Charlene.Wardlow@conservation.ca.gov
