Present Land Use/Zoning/General Plan Designation:

Agriculture and Residential

Project Description: (please use a separate page if necessary)

The Project proposes to expand the existing water transmission line along Pleasants Valley Road from the previously constructed Potable Water Treatment System in unincorporated Solano County, California. The purpose of the project is to deliver potable water to adjacent residents along Pleasants Valley Road east through adjacent properties to Bucktown Lane which is currently not available to local residents. The District is currently considering three alternatives for the transmission line.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
