Project Title: McLarney Residence Fall River Retaining Wall (Lake or Streambed Alteration Agreement No. EPIMS-SHA-12756-R1)

Project Location (include county): The project is located at Fall River, Shasta County, latitude 41.056123N, longitude -121.485480W, Assessor's Parcel Number 023-150-002, 26688 Alfalfa Way, Fall River Mills, CA.

Project Description: The California Department of Fish and Wildlife has executed Lake and Streambed Alteration Agreement number EPIMS-SHA-12756-R1, pursuant to Section 1602 of the Fish and Game Code to Kevin McLarney.

An existing residence requires replacement of existing accessory structures and installation of a new retaining wall within the footprint of previously existing structures on the bank of Fall River. Installation of the retaining wall requires disturbance of a portion of the bank and application of concrete in order to stabilize and reinforce surrounding rebuilt structures. Concrete will be piped to the wall location and applied with a hand-directed nozzle with manual shutoff capability.

Public Agency Approving Project: CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE

Person or Public Agency Carrying Out Project: Kevin McLarney

Exempt Status:

Statutory Exemption.

Categorical Exemption. Type – **Class 2; California Code of Regulations, title 14, section 15302 (c)**, Replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced. (c) Replacement or reconstruction of existing utility systems and/or facilities involving negligible or no expansion of capacity.

Reasons why project is exempt: The proposed activity involves the creation of a new structure necessary to reconstruct an existing facility, is located within the existing footprint, and does not include expansion of the facility.
