Project Title: Cottage Creek Dam Modification Project

Project Applicant: Yuba Water Agency

Project Location (include county): Access from Emerald Cove Marina (Marysville Road), Yuba County

Project Description:

The Project consists of removing the existing metal pipe spillway and downstream culvert, excavating a portion of Cottage Creek dam to a lower elevation, and installing a large concrete box culvert sized to pass all Cottage Creek flows downstream past the dam and into New Bullards Bar Reservoir. This would result in drainage of the Cottage Creek Reservoir. Cottage Creek Reservoir would no longer capture water, but water would continue to move through the area and the area would function as a wetland. +

This is to advise that the Yuba Water Agency's Board of Directors has approved the above (input checked box) Lead Agency or (input unchecked box) Responsible Agency)

described project on October 6, 2020 and has made the following determinations regarding the above described project (date)
