County Clerk
County of: Alameda

From: (Public Agency): Caltrans
111 Grand Avenue
Oakland, CA 94612
(Address)

Project Title: Storm Damage - Permanent Restoration (04-0Q450)

Project Applicant: California Department of Transportation (Caltrans)

Project Location - Specific:

Along I-880 northbound connector ramp to westbound State Route 92 at post mile 6.5

Project Location - City: Hayward Project Location - County: Alameda

Description of Nature, Purpose and Beneficiaries of Project:

Caltrans proposes to restore the eroded embankment slope at post mile (PM) 6.5 on State Route (SR) 92 by backfilling the eroded area with imported borrow material and extending the existing concrete barrier to the end of the concrete slab on the east approach slab of the bridge on westbound SR 92. The new segment of concrete barrier will replace the existing section of metal beam guardrail and the failed asphaltic concrete (AC) dike on the concrete slab. The purpose is to provide efficient and effective slope protection to prevent the recurrence of slope failure. The need is that this particular area exhibits severe erosion due to AC dike failure which allows surface runoff. The slope needs to be stabilized and the drainage needs to be redirected.

Name of Public Agency Approving Project: Caltrans

Name of Person or Agency Carrying Out Project: Caltrans

Exempt Status: (check one):

- Ministerial (Sec. 21080(b)(1); 15268);
Declared Emergency (Sec. 21080(b)(3); 15269(a));
