

## **PUBLIC NOTICE**

### **Notice of Intent to Adopt a Mitigated Negative Declaration**

#### **WHAT IS BEING PLANNED?**

The California Department of Fish and Wildlife (CDFW) has prepared a Land Management Plan (LMP) for the Boden Canyon Ecological Reserve (Reserve). This is a guidance document for agency staff and the public for the property; it contains management goals and tasks, and other necessary information for consistent and effective management of the property. It will provide focus and vision to conserve and manage declining sensitive biological resources in a manner that best addresses the public interest needs and fiscal realities of the CDFW. The overall purpose of this LMP is to develop a program that will protect the Reserve's ecological and cultural resources while providing wildlife dependent recreational opportunities for the public in the San Diego region.

#### **WHY THIS NOTICE?**

CDFW has studied the effects that this project may have on the environment and found that it will not significantly affect the quality of the environment. These findings are documented in a Draft Initial Study (IS) with Proposed Mitigated Negative Declaration (MND). This Notice is to inform you of the preparation of the Draft IS/MND and of its availability for you to read.

#### **WHAT'S AVAILABLE?**

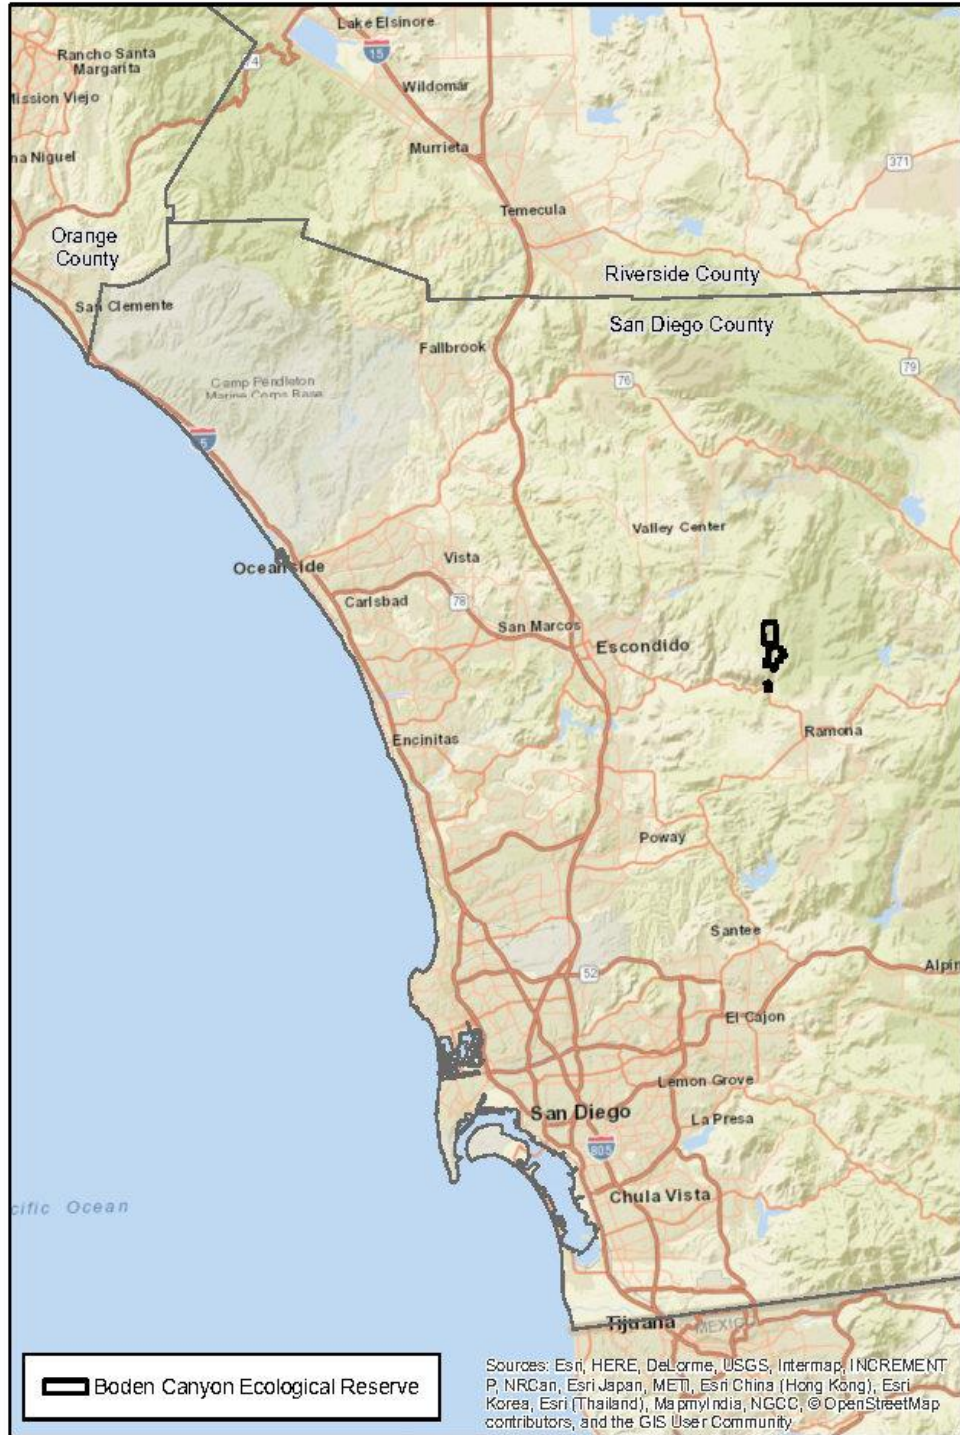

The LMP, the Draft IS/MND, maps and other project information, are available to view and download at the CDFW website at: <https://wildlife.ca.gov/Lands/Planning>

Please submit your comments in writing to: Tim Dillingham, 3883 Ruffin Road, San Diego, CA 92123 or by email to the CDFW project email address at:

[BodenCanyonLMP@wildlife.ca.gov](mailto:BodenCanyonLMP@wildlife.ca.gov)

The review period is for 30 days from September 1- September 30, 2020. All comments must be submitted by September 30, 2020.
