***SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108***

**State Clearinghouse Number:** 2020099008

**Project Title:** Auburn Blvd. at Arcade Creek Bridge Replacement (Streambed Alteration Agreement EPIMS Notification No. SAC-16323-R2)

**Project Location:** The project is located at Arcade Creek where Auburn Boulevard crosses, in the northeastern corner of the City of Sacramento, in the County of Sacramento, State of California; Latitude 38.64265, Longitude -121.36677 (WGS 84 datum, decimal degrees).

**Project Description:** The California Department of Fish and Wildlife (CDFW) has executed Streambed Alteration Agreement EPIMS Notification Number SAC-16323-R2, pursuant to section 1602 of the Fish and Game Code to the project Applicant, the City of Sacramento.

The project is limited to the replacement of the existing structurally deficient bridge with a new bridge that meets current structural and geometric design standards, improves hydraulic capacity, and provides traffic-rated barrier railings. The width of the proposed bridge will increase from approximately 76.5 feet to 97 feet and will provide two 12-foot through lanes, two 11-foot through lanes, two 11-foot left turn lanes, and shoulders and sidewalks in each direction. The length of the proposed bridge will increase from approximately 70 feet to 89 feet to avoid the existing bridge foundations.

This is to advise that CDFW, acting as a Responsible Agency, executed the above-described Streambed Alteration Agreement on the date signed below and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the mitigated negative declaration prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were made a condition of CDFW's approval of the project.

**Notice of Determination**

4. A mitigation reporting or monitoring plan was not adopted by CDFW for this project.
5. A statement of overriding considerations was not adopted by CDFW for this project.
6. Findings were not made by CDFW pursuant to California Code of Regulations section 15091.

The mitigated negative declaration prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of execution of the above Streambed Alteration Agreement as Responsible Agency is available at CDFW's regional office.
