

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Buena Vista Landfill Phase 1 Final Cover Re-Construction, and Class II Surface Impoundment Expansion

Lead Agency: County of Amador, Waste Management Department

Contact Name: Krista Ruesel, Planner

Email: planning@amadorgov.org Phone Number: (209)223-6380

Project Location: Buena Vista, Amador County

City

County

Project Description (Proposed actions, location, and/or consequences).

Post-closure maintenance of the Buena Vista Landfill, including the removal of the existing cover on Waste Management Unit 1 (WMU-1) and expansion of the Class II Surface Impoundment to comply with requirements of the RWQCB.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Mitigation Measures include the following, found within the Initial Study for the project:

AES-1 Requiring that any installed lighting accompanying the proposed use and development must comply with General Plan Mitigation Measure 4.1-4; AES-2 Any security lighting for the ground facilities shall be shielded and directed in such a manner so as not to direct light onto neighboring properties/buildings/roadways. In an effort to minimize light pollution, all non-emergency lighting must be turned off by 11:00 p.m.; AIR-1 Air District 's Rules and Regulations will be observed through the course of this project; BIO-1 Special Status Animal Species Mitigation plan will reduce biological impacts consistent with BMPs developed with CDFW and USFW; BIO-2 Ground Disturbance Timing for Nesting Birds, and Survey will be conducted prior to any construction; BIO-3 Special Status Plant Species Mitigation will be developed in conjunction with regulation by CDFW, USFW, and CNPS; BIO-4 Plant Survey will be conducted prior to ground disturbance; BIO-5 Riparian and Wetland Conservation mitigation shall apply within the affected ranges of mapped riparian and wetland conservation regions; BIO-6 Pollution Discharge with Grading and Runoff shall be addressed by the submitted grading plan, produced by a licensed engineer; CULTR-1 Historic/Cultural Resources, if found, shall be protected consistent with General Plan Mitigation Measures 4.5-1 and 4.5-2; CULTR-2 Human Remains, if discovered, shall be protected consistent with General Plan Mitigation Measure 4.5-3. GEO-1 Grading Permits for 50 cubic yards or more shall be issued through the Amador Building Department, and must include plans prepared by a licensed engineer. GEO-2 On-Site sewage disposal shall be determined to meet the intended uses, with possible addition of chemical

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
