Project Description: (please use a separate page if necessary)

The Fish and Game Commission (Commission) proposes to amend sections 3.00, 4.00, 5.00, 5.41, 5.85, 7.00, 7.50, and 8.10 in Title 14, California Code of Regulations (CCR) and add sections 5.84, 5.89, and 7.40 to Title 14, CCR, related to inland sport fishing regulations. The proposed changes aim to simplify and streamline the sport fishing regulations for inland trout waters and align the inland trout regulations with the Department of Fish and Wildlife's current fisheries management goals and objectives.

Most of the proposed changes involve re-organization of existing regulatory requirements, and others are restrictions placed on the take of trout, including total or partial closures, reduced bag limits, size limits of various kinds, and limitations on the methods of take. The purpose of these restrictions is to eliminate or reduce the sport fish harvest, to protect populations of threatened trout, or to enhance the trophy element of the catch.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
