**Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.**

**State Clearinghouse Number:** 2017022055

**Project Title:** 2020 Linking Tahoe: Regional Transportation Plan & Sustainable Communities Strategy  
**Project Location:** Lake Tahoe Region

**Project Description:** The 2020 RTP/SCS is the transportation element of the Lake Tahoe Regional Plan. Every four years, TRPA prepares a regional transportation plan that outlines the overall vision for developing, operating, and maintaining the Lake Tahoe Region transportation system. This 2020 RTP/SCS builds from the 2017 RTP/SCS to offer creative strategies that offset transportation impacts, including micro-mobility strategies such as e-bikes and e-scooters and new or enhanced inter-regional transit service. The 2020 RTP/SCS goals carry over from the 2017 RTP/SCS and are organized around addressing the local community and Tahoe visitor's transportation needs while they meet state and federal planning and reporting requirements. In addition, the 2020 RTP/SCS transportation improvements project list is an update of the 2017 RTP/SCS project list. As such it removes projects completed since 2017, modifies some projects that remain on the list, and adds approximately 45 new minor projects to the list.
