Description of Nature, Purpose and Beneficiaries of Project:

The purpose of this project is to apply micro surfacing over various roadways to extend the serviceability of the existing roads. After the micro-surfacing has been applied, signage, striping, and markings will be installed over the roadways to improve roadway safety. Additionally, existing curb & gutter will be reconstructed along a segment of Sherman Ave and Letts Ave to help with flooding issues in the area. This project is intended to benefit all roadway users of the City of Corcoran.
