Project Description (Proposed actions, location, and/or consequences).

Compost Solutions, Inc. has applied for an amendment to Conditional Use Permit 2006-006, AMMD 2020-001. The amendment will include the following. The addition of a 12-acre parcel located to the east of the project site for a revised total of 40 acres, approximately 9 additional acres of compost working surface (for summer use only), an approximately 2.5 acre retention pond to contain onsite stormwater, removal of and filling of the previous filter strip, and drainage revisions to the current working face. The annual tonnages, trucking, feedstocks will not change, except for the elimination of biosolids from the compost. Compost Solutions, Inc. will use manure waste (primarily from dairies) and green waste (primarily from cities and orchards) to create compost to serve the agricultural industry. The site is not open to the public. Composting facilities are an allowed use with an approved Conditional Use Permit (Glenn County Code §15.330.040.B). The parcel is 45.89± acres. Approximately 40± acres are proposed for the composting operation, with 5.89± acres for the compost windrows; Additional information is included in the application and plot plans.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

ALL FINDINGS WERE LESS THAN SIGNIFICANT.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
