

Harvard-Westlake River Park Project

Environmental Case: ENV-2020-1512-EIR
State Clearinghouse No.: 2020090536

Project Location: 4047-4155 N. Whittsett Avenue; 12506-12630 W. Valley Spring Lane, Los Angeles, CA 91604; and Assessor Parcel Number [APN] 2375-018-903

Community Plan Area: Sherman Oaks - Studio City - Toluca Lake - Cahuenga Pass

Council District: 4 - Raman

Project Description: The Harvard-Westlake River Park Project (Project) involves the redevelopment of the approximately 16.1-acre (701,428 square foot) Weddington Golf & Tennis site, and an adjacent approximately 1.1-acre (47,916 square foot) portion of property along the Los Angeles River leased from Los Angeles County, collectively comprising an approximately 17.2-acre (749,344 square foot) project site (Project Site), for use as an athletic and recreational facility for the Harvard-Westlake School and for shared public use. The Project would remove the existing golf course, driving range, and tennis facility to develop two athletic fields with bleacher seating, an 80,249-square-foot, two-story multi-purpose gymnasium with a maximum height of 30 feet, a 52-meter swimming pool with seating, eight tennis courts with seating, one level of below-grade parking and a surface parking lot. The Project would include ancillary field buildings, three security kiosks, exterior light poles, walls/fencing, and retention of the existing clubhouse structure, putting green, low brick retaining wall with weeping mortar, and golf ball-shaped light standards. The Project would remove 240 of the existing 421 trees and plant 393 new trees. The Project would include an approximately 350,000-gallon stormwater capture and reuse system for water conservation and treatment purposes. The Project would also provide approximately 5.4 acres (235,224 square feet) of publicly-accessible open space and landscaped pathways connecting to the adjacent Zev Yaroslavsky Los Angeles River Greenway (Zev Greenway) and would provide on-site landscaped areas and recreational facilities. The Project involves off-site improvements to the Valleyheart Drive public right-of-way, portions of the Zev Greenway adjacent to the Project Site, and an ADA compliant ramp to provide a pedestrian connection between the Zev Greenway and Coldwater Canyon Avenue northwest of the Project Site. Project development would require excavation and grading of the Project Site to a maximum depth of approximately 21 feet below grade and a net cut/fill volume of approximately 197,000 cubic yards.

PREPARED FOR:

The City of Los Angeles
Department of City Planning

PREPARED BY:

Environmental Science Associates (ESA)

APPLICANT:

Harvard-Westlake School

TABLE OF CONTENTS

| | |
|--|------------|
| CHAPTER 1 – INTRODUCTION | 1-1 |
| 1. Purpose of the Final EIR..... | 1-1 |
| 2. Organization of the Final EIR..... | 1-2 |
| 3. Project Summary | 1-3 |
| 4. Overview of the CEQA Public Review Process | 1-8 |
| CHAPTER 2 – RESPONSES TO COMMENTS | 2-1 |
| 1. Introduction | 2-1 |
| 2. Topical Responses to Comments | 2-87 |
| 3. Responses to Comments..... | 2-232 |
| CHAPTER 3 – REVISIONS, CLARIFICATIONS, AND CORRECTIONS TO THE DRAFT EIR | 3-1 |
| 1. Executive Summary | 3-2 |
| 2. Chapter II. Project Description | 3-12 |
| 3. Section IV.A. Aesthetics..... | 3-39 |
| 4. Section IV.B. Air Quality..... | 3-46 |
| 5. Section IV.C. Biological Resources | 3-57 |
| 6. Section IV.D. Cultural Resources | 3-64 |
| 7. Section IV.E. Energy..... | 3-64 |
| 8. Section IV.F. Geology and Soils | 3-68 |
| 9. Section IV.G. Greenhouse Gas Emissions | 3-69 |
| 10. Section IV.H. Hazards and Hazardous Materials | 3-95 |
| 11. Section IV.I. Hydrology and Water Quality | 3-95 |
| 12. Section IV.J. Land Use and Planning | 3-99 |
| 13. Section IV.K. Noise | 3-102 |
| 14. Section IV.L.1. Public Services – Fire Protection | 3-109 |
| 15. Section IV.L.3. Public Services – Parks and Recreation..... | 3-110 |
| 16. Section IV.M. Transportation | 3-113 |
| 17. Section IV.O.1. Utilities and Service Systems – Water Supply | 3-117 |
| 18. Section IV.O.3. Utilities and Service Systems – Solid Waste..... | 3-118 |
| 19. Chapter V. Alternatives | 3-120 |
| 20. Chapter VI. Other CEQA Considerations..... | 3-147 |
| 21. Appendix J. Land Use Plans and Policies: Project Consistency Tables | 3-148 |
| 22. Appendix I, Hydrology and Water Quality Report | 3-157 |
| 23. Appendix M, Transportation Assessment | 3-157 |
| CHAPTER 4 – MITIGATION MONITORING PROGRAM | 4-1 |
| 1. Introduction | 4-1 |
| 2. Organization | 4-1 |
| 3. Administrative Procedures and Enforcement..... | 4-2 |
| 4. Program Modification..... | 4-2 |
| 5. Mitigation Monitoring Program | 4-3 |

Appendices

| | |
|---------------|--|
| Appendix A: | Original Draft EIR Comment Letters |
| Appendix B.1: | Supplemental Lighting Report Memorandum |
| Appendix B.2: | Supplemental Lighting Report Appendices |
| Appendix B.3: | Original Lighting Report (October 2021) – Appendix 2 |
| Appendix C: | Supplemental Carbon Sequestration and Canopy Study |
| Appendix D: | Supplemental Historic Resources Memorandum |
| Appendix E.1: | Supplemental Artificial Turf Field Materials Analysis – Exponent (December 2022) |
| Appendix E.2: | Supplemental Analysis of Artificial Turf Fields - Gradient |
| Appendix E.3: | FieldTurf Testing Report |
| Appendix E.4: | Supplemental Artificial Turf Field Materials Analysis – Exponent (February 2023) |
| Appendix F: | Supplemental Noise Analysis |
| Appendix G: | Geotechnical Peer Review of Groundwater Recharge |
| Appendix H: | Supplemental CalEEMod Modeling Runs |
| Appendix I: | Supplemental Construction Health Risk Assessment |
| Appendix J: | KPFF Memo – CDFW Comments |
| Appendix K: | Supplemental Greenhouse Gas and Energy Modeling Data and Calculations |
| Appendix L: | Traffic Signal Memorandum |
