Project Title: Georgetown Divide Public Utility District 2020 Reservoir Release Water Transfer

Location -- Specific: El Dorado County and the service area of Westlands Water District

Location -- County: El Dorado County

Description of Activity: Georgetown Divide Public Utility District (District) has requested that the Department of Water Resources (DWR) convey up to 2,000 acre-feet of transfer water from District’s Stumpy Meadows Reservoir to Westlands Water District (Westlands). The point of transfer will be Folsom Lake Reservoir. The transfer water will flow to the Sacramento-San Joaquin Delta, where DWR will pump the transfer water using the State Water Project Banks Pumping Plant and convey it to Westlands’ service area.
