**Subject: Withdrawal of Notice of Determination for the World Oil Tank Installation Project
State Clearinghouse #2020100119**

To Whom It May Concern:

As the lead agency pursuant to the California Environmental Quality Act, the Port of Long Beach (Port) respectfully requests withdrawal of the Notice of Determination for the World Oil Tank Installation Project (State Clearinghouse #2020100119).

On October 28, 2021, the Long Beach Board of Harbor Commissioners approved the Negative Declaration for the World Oil Tank Installation Project (Project). The Port subsequently filed the Notice of Determination with the State Clearinghouse on October 29, 2021. Pursuant to California Public Resources Code Section 21151(c), if a non-elected body of a local agency approves a Negative Declaration, that approval may be appealed to the agency's elected decision-making body. On November 5, 2021 and November 11, 2021, appeals to the Board of Harbor Commissioners' environmental determination approving the Negative Declaration for the Project were filed with the Long Beach City Clerk. Effective November 5, 2021, and in accordance with Long Beach Municipal Code Section 21.21.507, the filing of the appeals stays the effect of the Board of Harbor Commissioners' environmental determination, any project approval made pursuant to the environmental determination, and any notice of determination until the Long Beach City Council renders a decision on the appeals.

If you have any questions, please contact Jennifer Blanchard at (562) 283-7100 or at jennifer.blanchard@polb.com.

Sincerely,

for

Matthew Arms
Director of Environmental Planning
