

Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Location: Stockton, California San Joaquin
City *County*

Project Description (Proposed actions, location, and/or consequences).

This project is a Quarry Excavation application to remove 176,500 cubic yards of sand in two (2) phases within four (4) years to include excavation and reclamation for farming purposes. The applicant proposes to excavate sand from a 57.7-acre agricultural field on a 313.79-acre parcel. The total sandy area to be excavated is 9.1 acres in size, and the removal of the sand streak within this area is to increase the agricultural viability of the parcel for final reclamation to orchards. Excavation will not exceed a maximum depth of twelve (12) feet. The excavated area will be consistent with the existing field elevations surrounding the project site once reclaimed. The parcel has direct access from West McDonald Road and is under a Williamson Act contract. (Use Type: Quarry Excavation)

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

None

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None

Provide a list of the responsible or trustee agencies for the project.
