Present Land Use/Zoning/General Plan Designation:

An existing urban trail

Project Description: *(please use a separate page if necessary)*

The Project proposes to fill gaps between existing trail segments to create approximately 6,500 linear feet of continuous bike and pedestrian trail along Salado Creek from just south of Sweet Briar Drive to Cliff Swallow Drive in the City of Patterson. The existing trail segments in poor condition will be rehabilitated. A new protected crossing under Sperry Avenue will be constructed to improve bike and pedestrian safety. Approximately 273 trees will be planted, as well as 88 pedestrian scale light poles.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
