Signature: 

Date: 10/14/2020

Title: GENERAL MANAGER Date Received for Filing by County Clerk _____

Governor's Office of Planning & Research

OCT 22 2020

STATE CLEARINGHOUSE

Attachment A
Notice of Exemption

Description of Nature, Purpose and Beneficiaries of Project:

The project is the execution of a Contract Between the United States and San Luis Water District Providing for Project Water Service San Luis Unit and Delta Division and Facilities Repayment, a repayment contract with the United States Bureau of Reclamation (USBR) for the purpose of continuing delivery of CVP water within the District's service area boundary. The beneficiaries of the project are the District, its landowners and water users. The USBR is a party to the bilateral agreement and as such is a recipient of the District's approval. (Pub. Resources Code, §§ 21065, 21167.5). The project is entirely administrative in scope.

Reasons why project is exempt:

The project is exempt under 14 CCR 15273(a)(1) because the Contract Between the United States and San Luis Water District Providing for Project Water Service San Luis Unit and Delta Division and Facilities Repayment (Repayment Contract) requires changes in rates to be charged for water provided thereunder in order to meet operating expenses and maintain existing services. It involves only adjustments to administrative terms and makes no substantial changes to preceding agreements. The Repayment Contract does not involve any increase in service or expansion of the existing distribution system.

The project is also exempt under 14 CCR 15301 as it provides for the continued operation of existing facilities within established parameters. The project is wholly administrative in scope and involves no construction, alteration, or expansion of an existing use.
