**Present Land Use/Zoning/General Plan Designation:**  
Vacant/ Public Institution (P-I(SP))/Public Facilities Max 0.5 FAR and Institutions Max 2.0 FAR (PFI)

**Project Description:** *(please use a separate page if necessary)*

The project includes demolition and removal of the existing asphalt on the project site, construction of a new water well (Well 28), with a pumping station, utility building, SCE transformer, and a passive mini-park on the 0.36 acre project site. Access to the proposed well area would be provided via a 20-foot wide driveway from Maple Avenue, and access to the mini-park would be provided by new paths from Lemon Street and Maple Avenue.

The proposed well facilities would be located in the northeast corner of the project site within a 3,900 square foot area that is surrounded by a 16-foot high brick veneer and clinging vine-clad architectural screen wall that will provide security and screen the well facilities from off-site views. The southwestern portion of the project site would be developed with an 11,780 square foot passive mini-park.

*Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.*

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".  
If you have already sent your document to the agency please denote that with an "S".
