

CITY OF ORANGE
NOTICE OF INTENT TO ADOPT
MITIGATED NEGATIVE DECLARATION NO. 1867-19

TO: All Interested Parties

SUBJECT: Notice of Intent to Adopt an Initial Study/Mitigated Negative Declaration (IS/MND) for the proposed Cannon St and Serrano Ave Intersection Improvements (project).

SCHEDULED PUBLIC HEARING DATE/TIME/LOCATION: City of Orange City Council Public Hearing
“Watch Meeting Online” at:
<https://www.cityoforange.org/183/City-Council>
City Council Meeting date to be advertised subsequent to Mitigated Negative Declaration public review period.

PROJECT LOCATION: The project site is located at the intersection of Cannon Street and Serrano Avenue in the City of Orange, California. This project site is approximately 2.18 miles south of State Route 91 (SR-91), approximately 4.14 miles east of State Route 55 (SR-55), and 3.64 miles southwest of State Route 241 (SR-241).

PROJECT DESCRIPTION: The project proposes to add a second dedicated right turn lane on northbound Cannon Street to eastbound Serrano Avenue, and to widen the existing right turn lane on westbound Serrano Avenue to northbound Cannon Street approximately four feet. The second dedicated right turn lane on Cannon Street would increase the storage capacity of the intersection. The widened right turn lane on Serrano Avenue would accommodate right turn movements that may otherwise be blocked by queued left turn movements (from westbound Serrano Avenue to southbound Cannon Street). Construction is anticipated to occur over a six-month period (in one phase). The project would be subject to Environmental Review No. 1867-19.
