State Clearinghouse Number (if submitted to State Clearinghouse): 2020110246

Project Title: Shafter-Wasco Irrigation District Pipeline Improvements for Bell Recharge Project

Project Applicant: Shafter-Wasco Irrigation District

Project Location (include county): Near Shafter, Kern County, California

Project Description:

Installation of a new, 1-mile-long, Class 125, 21-inch bi-directional PVC pipe within the Kern County road right-of-way (ROW) along Merced Avenue and Mannel Avenue. The new bi-directional pipeline would connect the north and south systems and facilitate water movement through the District. The pipeline would also connect to three existing turnouts and increase the capacity of an existing pump station (from 3 cfs to 10 cfs) on Beech Avenue.

This is to advise that the Shafter-Wasco Irrigation District has approved the above (Lead Agency or Responsible Agency)

described project on January 13, 2021 and has made the following determinations regarding the above described project.

- 1. The project will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:

SWID offices - 6294 Central Valley Highway, Wasco, CA 93280
